A. Notes To The Interim Financial Report

A1 Basis of preparation

The interim financial statements have been prepared in accordance with Financial Reporting Standards ("FRS") 134, Interim Financial Reporting issued by the Malaysian Accounting Standards Board ("MASB") and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad ("BMSB").

The interim financial report should be read in conjunction with the most recent annual financial statements of the Group for the year ended 30 April 2006.

These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 30 April 2006.

A2 Changes in Accounting Policies

The significant accounting policies adopted are consistent with those of the audited financial statements for the year ended 30 April 2006 except for the adoption of the new/revised FRSs issued by MASB effective for financial period beginning 1 January 2006

The adoption of the new/revised FRSs does not have significant financial impact on the Group for the current quarter and current year to date under review except for the following:

(a) FRS 2: Share-based Payment

This FRS requires an entity to recognise share-based payment transactions in its financial statements, including transactions with employees or other parties to be settled in cash, other assets, or other equity instruments of the equity.

The Company operates an equity-settled, share-based compensation plan for the employees ie the Employees' Share Option Scheme ("ESOS"). Prior to the adoption of FRS 2, no compensation expense was recognised in income statements for share options granted. With the adoption of FRS 2, the compensation expense relating to share options is recognised in income statements over the vesting periods of the grants with a corresponding increase in equity. The total amount to be expensed in the income statements is determined by reference to the fair value of the share options at the date of grant and the number of share options to be vested by vesting date.

All the options under the ESOS of the Company were granted before 31 December 2004. According to the transitional provisions of FRS 2, the FRS has not been applied to the options granted to employees on or before 31 December 2004, thus, the change in accounting policy has no impact on the results for the current financial period.

(b) FRS 3: Business Combination, FRS 136: Impairment of Assets and FRS 138: Intangible Assets

The new FRS 3 has resulted in consequential amendments to two other accounting standards, FRS 136 and FRS 138. The adoption of FRS 136 has resulted in a change in the accounting policy relating to goodwill on consolidation. This adoption has resulted in the Group discontinuing annual goodwill amortisation. Instead, goodwill is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired.

Prior to 1 May 2006, goodwill was amortised on a straight-line basis over its estimated useful life of 25 years. The transitional provision of FRS 3 required the Group to eliminate at 1 May 2006 the carrying amount of the accumulated amortization of RM 309,986 against the carrying amount of the goodwill. The carrying amount of goodwill as at 1 May 2006 of RM 305,397 ceased to be amortised. This has the effect of reducing the amortisation charges by RM 5,835 in the current quarter.

Negative Goodwill

Under FRS 3, any excess of the Group's interest in the net fair value of acquirees' identifiable assets, liabilities and contingent liabilities over cost of acquisitions (previously referred to as "negative goodwill"), after reassessment, is now recognised immediately in income statements. Prior to 1 May 2006, the negative goodwill is stated in the balance sheet as reserve on consolidation. In accordance with the transitional provisions of FRS 3, the negative goodwill as at 1 May 2006 of RM 488,905 was derecognised with a corresponding adjustment made to the opening balance of retained earnings.

(c) FRS 101: Presentation of Financial Statements and FRS 127: Consolidated and Separate Financial Statements

The adoption of the revised FRS 101 and FRS 127 have affected the presentation of minority interest, share of net after-tax results of associates and other disclosures. In the consolidated balance sheet, minority interests are now presented within total equity. In the consolidated income statements, minority interests are presented as an allocation of the total profit or loss for the period. A similar requirement is also applicable to the statement of changes in equity. FRS 101 also requires disclosure, on the face of the statement of changes in equity, total recognised income and expenses for the period, showing separately the amounts attributable to equity holders of the parent and to minority interest.

The current period's presentation of the Group's financial statements is based on the revised requirements of FRS 101 and FRS 127, with the comparatives restated to conform with the current period's presentation.

(d) FRS 117: Leases

The adoption of FRS 117 has resulted in a retrospective change in the accounting policy relating to the classification of long leasehold land. The up-front payment made for the leasehold land represents prepaid lease payments and are amortised on a straight-line basis over the lease term. Prior to 1 May 2006, long leasehold land was classified as property, plant and equipment and was stated at cost less accumulated depreciation and accumulated impairment losses.

Upon the adoption of the revised FRS 117, the unamortized amount of leasehold land is retained as the surrogate amount of prepaid lease payments as allowed by the transitional provision of FRS 117. The reclassification of long leasehold land as prepaid lease payments has been accounted for retrospectively and as disclosed in Note 3, certain comparative amount as at 30 April 2006 has been restated.

(e) FRS 131: Interest in Joint Ventures

Under FRS 131, in consolidating the financial statements, the Group may choose to maintain the equity method or adopt the new allowed method, which is to proportionate consolidation. The Group has recommended a change in accounting policy by adopting the new allowed method, that is to combine share of each of the assets, liabilities, income and expenses of the jointly controlled entities with similar, line by line, in its financial statements, certain comparative amount as at 30 April 2006 has been restated.

(f) FRS 140: Investment Property

The adoption of FRS 140 has resulted in a change in accounting policy for investment properties. The properties which comprise portion that are held to earn rentals or for capital appreciation are accounted as investment properties, whereas those self-occupied portions are still treated as property, plant and equipment.

The Group adopted the cost model and the investment property is measured at cost less accumulated depreciation and accumulated impairment losses.

In accordance with the transitional provision under FRS 140, this change in accounting policy is applied prospectively and the comparative figure as at 30 April 2006 are not restated.

B11 Changes in Material Litigation

Save as disclosed below, the Group has not engaged in any material litigation, either as plaintiff or defendant, which has a material effect on the financial position of the Group:-

a) By a Writ of Summon and Statement of Claim dated 13 January 1995 ("Suit 34"), Nguang Chan Liquor Trade and Nguang Chan (M) Sdn Bhd (Collectively known as "the Nguang Chan Group")(the plaintiff) instituted an action and sought an injunction against Hai-O Enterprise Bhd ("Hai-O") (the Defendant) to restrain publication of alleged defamatory statements made against the Nguang Chan Group as well as against slander of a product named Zhan Qiao Pai ("ZQP") Brand Ling Zhi ("Infringing Product"). The High Court had dismissed Nguang Chan's application for injunction with cost on 19 December 1995.

The directors of Hai-O is of the opinion that, based on legal advise, Hai-O has a good case to establish that the Nguang Chan Group's present claim is without merit. Hai-O is entitled to protect its products and that its actions against what appears to be clear counterfeits cannot be the subject matter of complaint by the Nguang Chan Group.

By a Writ of Summon and Statement of Claim dated 23 May 1997 ("Suit 400"), Hai-O and Shandong Medicine & Health Products Import & Export Corp., Changyu Pioneer Wine Co. and Yantai Native Product Import & Export Corp.(the Plaintiffs) filed an action against the Nguang Chan Group and Golden Spring Spirits Agency (the Defendants) claiming for damages for infringement of their product named ZQP Brand Ling Zhi which been ordered to consolidate with Suit 34 on 5 August 1997.

thereafter appealed to the Court of Appeal against the decision.

Hai-O has made several applications seeking for further discovery, production and inspection of documents against the Nguang Chan Group. Order in terms of the applications were given by the High Court on 23 April 2001. Nguang Chan Group had

The Court of Appeal heard the appeal on 14 March 2005 wherein Nguang Chan Group's appeal was allowed. Hai-O has appealed against the Court of Appeal's decision to the Federal Court. Application for leave to appeal was fixed for hearing on 22 August 2005.

The application was heard as scheduled. The Federal Court has adjourned the application to a date to be fixed with directions to the Court of Appeal to deliver its written judgement to the Federal Court. Despite several letters of reminder to the relevant courts , as at 28 September 2006 Hai-O's solicitors have not yet been informed by the Federal Court on the hearing date for our application for leave to appeal.

On Suit 34 and Suit 400, the High Court has further adjourned the date for case management of the matter to 23 January 2007.

Based on legal advice, the Board of Hai-O is of the opinion that Hai-O and the Chinese Parties have a good case in claiming common law proprietary rights if Hai-O and the Chinese Parties can successfully show that the Chinese Parties are instrumental in the manufacture, production and export to Hai-O of the Infringing Product.
